

## Picnic Islands / Day Use Dock Reservations

### Notes:

- May be booked up to one week in advance and released at 9 am for the date one week out (maybe 8 am on weekdays).
- Go to <https://newyorkstateparks.reserveamerica.com>
- Recommended to create an account as soon as possible, otherwise you will have to do it in the process of trying to reserve a dock. This step must be done prior to booking a dock.

### Process:

- Sign in or create an account.
- Select "Find Your Site" (top left of the menu)
- Type in or select LAKE GEORGE ISLANDS DAY USE
- In the "Interested In" Dropdown keep "EVERYTHING".
- Click Search
- You should see:

- Lake George Islands Day Use DEC
- Lake George Islands Day Use
- Camping and Lodging Day Use Docks (115)
- Click on: Check Availability
- Enter the date if applicable to a Boat Reservation you have or leave flexible (I prefer using flexible for the next week to see available sites)
- Enter Length of stay = 1
- Leave Loop = Any Loop (or select an island)
- Leave site # blank.
- Leave looking for = any camping spot
- Click "Search Available"

The image shows a screenshot of a reservation form. The top section is titled "Enter Dates" and contains the following elements:
 

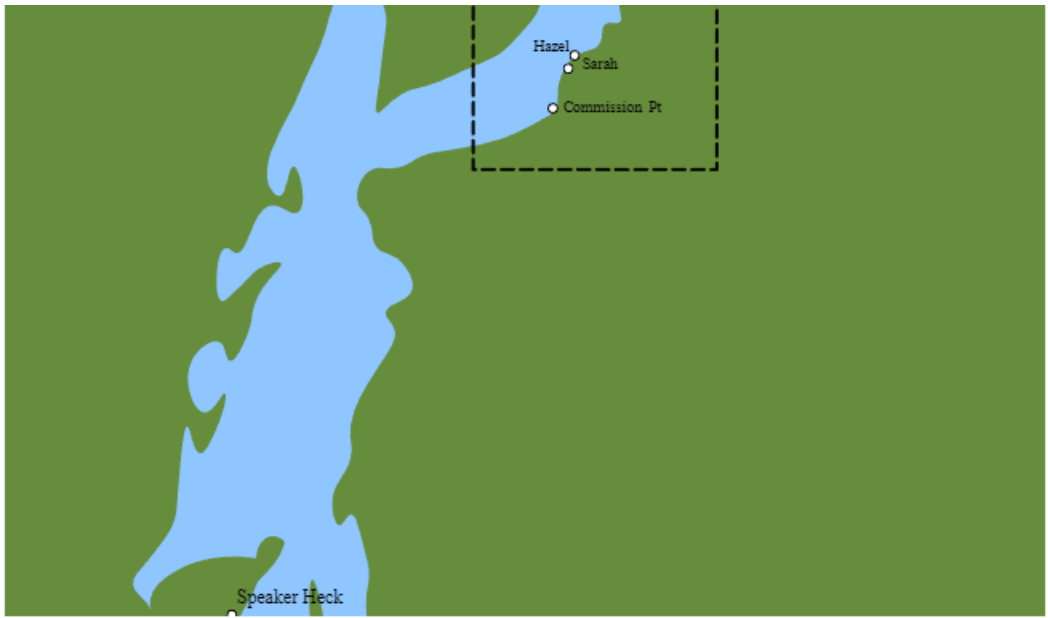

- An "Arrival date" field with a calendar icon and the placeholder "MM/DD/YYYY".
- A "Length of stay:" field with the value "1".
- A dropdown menu currently set to "Flexible for next 2 weeks".
- A green "Search Available" button.

 The bottom section is titled "Narrow Results" and contains:
 

- A "Loop" dropdown menu set to "Any Loop".
- A "Site #" text input field.
- A "Looking for" dropdown menu set to "Any camping spot".
- A green "Apply Filter" button.

 Several fields are highlighted in yellow in the original image: the arrival date field, the length of stay field, the flexible dropdown, the search button, the loop dropdown, and the looking for dropdown.

- Below the map select a Blue Box for your date -then follow instructions to book the site. It appears you cannot book a picnic site 2 days in a row.
